

Here's What You Can Do To Help!

Pay Income Tax

Having trouble with filling out your 1942 Income Tax form?

For Daly City residents who wish assistance with their returns, a representative of the Internal Revenue office will be stationed at the Daly City branch, Bank of America, 6298 Mission street, today, February 25 and tomorrow, February 26, from 10 a. m. to 3 p. m.

The Collector of Internal Revenue for this area reminds those who made \$3,000 or less in 1942 that they are eligible to use simplified form 1040-A, which takes much less time to fill out than the more complicated form 1040.

Donate A Book

Close of the 1943 Victory Book campaign is nearing and all Daly City residents who intend to turn in contributions in this important drive were advised to do so before March 5, by Mrs. Jean O'Rourke, librarian.

Already five or six boxes of handsome volumes are ready for shipment to camps or USO centers of the local library, 6351 Mission street, but more are needed. These books are made available to service men the world around and both Navy and Army officials urge public support for this project to provide more good books for U. S. service men.

Help "The Boys"

How would you like it if your son were stationed near a town without a USO? A town where the populace was so apathetic they couldn't round up enough equipment to furnish a recreation center the boys built for themselves?

You wouldn't like it! That's what we thought. So, what happens now? You look over that furniture you never use anyhow, or sort out a few games and books, or decide that reading lamp would do more good up at the recreation center than in the attic, and you call Randolph 3215 (The Daly City Record). Then, we notify Lieutenant G. R. Atkinson, in charge of the men stationed near Daly City, and he and his men come and pick up your contributions.

And everyone feels MUCH better. You feel good because you've really done something tangible for "the boys," we feel good because it looks like Daly City can really get behind a worthwhile project, and "the boys" feel good because at last their recreation hall shows some signs of being furnished.

Well, how about it?

Be A Blood Donor

The Army and Navy have asked the American Red Cross to procure 4,000,000 pints of blood during 1943, more than three times the amount obtained from volunteer donors at Red Cross centers, last year, according to a recent announcement by Chairman Norman H. Davis.

This increase in the amount of plasma needed brings a request from the Blood Donor service, San Mateo County chapter, American Red Cross, that Daly City residents participate wholeheartedly in the new drive.

There is no more direct way in which civilians may help their relatives and friends under arms. Surgeons with the armed forces declare that the plasma is one of the most important contributions to the medical departments, and that it becomes daily more evident

Give More This Year

Mayor A. J. Gaggero, in accord with the president of the United States who has proclaimed March as Red Cross month, today, issued an appeal to all public spirited people of this community to make every effort to support the 1943 Red Cross War Fund drive.

He said, "I urge every man, woman, boy and girl to give their support by contributing through our local chapter to the Red Cross War Fund, and I further proclaim that it is the sense of all of us who are residents of Daly City that our gifts must be larger than ever this year, in order to enable this great national organization of ours to meet whatever demands are made upon it."

Three chairmen for this area have already been announced to direct the War Fund campaign here. John C. Degliantoni is in charge of the collections from business establishments in Daly City, while Mayor Gaggero is chairman for the business district

OPA Releases Point Values For Newly Rationed Foods

Registration Ends At Noon Saturday

Record Summarizes Rationing Highlights

With OPA's announcement of the point values for all processed foods that go on sale under rationing, Monday, March 1, came a warning from R. L. Crane Jr., district superintendent of schools, in charge of the Daly City registration for War Ration Book Two, that issuance of the new books will positively close here promptly at noon, Saturday. Those who neglect to secure the new books before that time will have to apply to the district War Price and Rationing board at South San Francisco, where Mrs. C. F. Day, executive secretary, says no applicants will be given attention until "sometime much later."

For the convenience of The Rec-

ord's readers the following important facts, released by the regional office of OPA, about the new processed foods rationing program are summarized for consumers and retailers:

1. None of the rationed foods may be purchased until Monday, March 1.

2. Every person must obtain his new points rationing book this week at one of the three Daly City grammar schools, Crocker, 649 Bellevue avenue; Woodrow Wilson primary, 43 Miriam; or Jefferson, 14 Alemany street. Unlike San Francisco, Daly City is not following an alphabetical system of registering and the only restriction is that registrants must apply sometime before noon on Saturday, at the school nearest their homes. Hours are from 9 a. m. to 7 p. m.

3. Any one adult member of the family may obtain the new ration books for all members by taking to the registration site the sugar ration books of all members

of the family. This family representative must submit a completely filled out declaration form stating the amount of canned goods owned in the family in excess of five cans per person. Only cans of 8 ounces or larger must be declared. Coffee must also be declared.

4. Local food stores have been directed to prominently post the official table of point values and clearly mark all rationed food items with their point values before sales are resumed, March 1.

5. Housewives should study the table of point values, according to OPA, and carefully plan in advance their purchases of rationed foods to enable them to live within their rations for the next month. Each individual's ration totals 48 points for March.

Translated into terms Mrs. Housewife can best understand, the 48 points per person for March will mean that consumption of the restricted foods will be reduced to less than half of the amount

which civilians used during 1941-42.

As an example of the stringency of new rations, Prentiss M. Brown, OPA administrator, pointed out that the individual ration of 48 points for one month would permit the purchase of one can each of peas and tomatoes in the popular No. 1 size can, in addition to one No. 2 1-2 size can of peaches. The exact amount of the ration, of course, will depend on the items selected, choice of the lower point items resulting in the larger ration.

The OPA suggests that consumers keep on hand a newspaper copy of the official table of point values, (this will appear in the February 26 Shopping News) and a list of the weights of the most generally used rationed items. This information will make it possible for consumers to plan their point spending at home. Once they decide what particular items they

Man Beaten, Robbed On Daly City Street

Beaten and robbed of \$9 in cash on a Daly City street, Al Wells, San Francisco, was the victim of a daylight assault, Saturday, near 141 Santa Barbara avenue. The two men who attacked him were described by Wells as soldiers.

One man struck him in the lip with his fist while the other hit him in the head with some kind of weapon, Wells told Daly City police. The weapon left a gash in his head nearly 2 inches long.

They robbed him of a wallet containing \$9 in cash and miscellaneous papers and identifications.

Tickets Go On Sale For Firemen's Ball

May 8 Event Will Benefit Widows', Orphans' Assn.

Tickets went on sale, this week, by members of the Daly City Fire department for the annual Firemen's Ball, to be held, Saturday evening, May 8, at Colombo hall in Colma.

One of the outstanding social events of the year in this community, the Firemen's Ball this year is expected to be the biggest yet, and Fire Chief A. P. Chesney expressed a wish to see many new faces there in addition to the familiar ones at the dances in years past. The dance is held for the benefit of the Widows and Orphans association of Daly City, society for protection of families of deceased members of the department.

Chief Chesney promises everyone a good time. Music and entertainment will be plentiful. Tickets may be purchased from any Daly City fireman. A large committee is being formed by Chief Chesney from the ranks of the department and the Daly City Veteran Firemen's association to plan for the affair.

Will Organize Semi-Pro Teams

Daly City Farallone Packers, local semi-pro AA nine, champions of the Peninsula Winter baseball league, will be gunning for another first place spot when the summer AA class league opens in April, according to Manager Charlie Norry.

In addition to the champion Packers, Norry will also have another team in the field, this season, the Farallone Juniors. This team, made up of youngsters up to 16 years of age will play teams in the Junior league of the San

Rationing Board Names Members

Cattori Now Serves Area As Vice-Chairman

With point rationing of food scheduled to begin when grocery stores open their doors, Monday morning, the War Price and Rationing Board for this area has announced that two more Daly City names have been added to the rationing board. They are Mrs. C. A. Wood, 35 Hillcrest drive, and Alfred W. Robertson, 371 Irvington street.

Two other local members of the board, Mrs. John A. Ledterman, 758 San Diego avenue, and Charles Suenderman, Colma, have been appointed to head the Food Panel of the local board's rationing program. Both joint chairmen have seen duty on the rationing board for several months, having been appointed with another local member, Claude Cattori, Colma. Cattori is now vice-chairman of the board, heading the Mileage Ration Panel.

Duties for the two new Daly City members began immediately following their appointments, Thursday. They are among six other new board members, Mrs. C. F. Day, executive secretary, announced. The board has now been increased to twenty members, and has jurisdiction over communities in the northern section of San Mateo county.

Because of the rapid addition of restricted commodities to the list of nationally rationed items, the board will operate in panels or departments, and the head of each panel will have full executive control over the rationed commodity in his department.

Baseball Season Opens At Jefferson

Fifty-two candidates answered Coach Glenn South's call for baseball practice at Jefferson Union high school, to prepare for the spring season in the Peninsula Athletic League and the all-important Shaughnessy playoffs at the end of league play.

The Indians will get their first test of the season, Tuesday, at Jefferson diamond when they play host to San Francisco's Commerce High in a practice session. The first game will start at 3:15 p. m.

Although it is large in number for a high school turnout, the team lacks any player who received his block last season in varsity play. However, Coach South expects to have them in shape anyway in

Like To Swim? Jefferson Pool Re-Opens

Swimming enthusiasts may again enjoy a dip in the Jefferson Union high school pool, as school officials announced the re-opening of the pool, Monday night.

The pool will be open to the public every night, Monday through Friday, every week, and on Saturday afternoons. Hours are 7:30 p. m. to 9:45 p. m. on week nights, and from 2 p. m. to 5 p. m. on Saturdays. Each Wednesday is reserved as ladies night. A nominal charge is asked.

Night school sports are also being continued in the gymnasium from 7 p. m. to 9:30 p. m. every Monday through Friday.

Council Requests Health Dept. Aid

Asks County To Proceed With Abating Nuisances

Decisive action to enforce sanitary rules and regulations prescribed by state and county health agencies at the properties at 6951-6995 Mission street, and 5 and 7 Bismark street, was taken by city councilmen, at Tuesday night's meeting.

After a report, which listed numerous violations of the public health and safety code, was read from Fred A. Collins, San Mateo county health officer for the Daly City area, and A. G. Stein, housing inspector, Councilman Hugh Smith Jr. made a motion that the council turn the long-controversial matter over to county health department authorities, instructing them to take up proceedings to abate nuisances on the properties. The motion was seconded by Councilman Eugene V. Lynch and unanimously passed by all five councilmen.

Previous to the final vote, discussion of a performance bond was entered into by the owner

Two winners in the Abraham Lincoln Essay contests, sponsored annually for Daly City school pupils by Arthur J. Bodien, local city official, were honored, last week.

To Register Food Store Proprietors

Announce Special Meet To Discuss Problems

Registration for food rationing among retail and wholesale food stores in this area will begin next week at the local War Price and Rationing Board, 473 Grande avenue, South San Francisco, according to an announcement made, today, by Mrs. John A. Ledterman, chairman of the Food Panel.

A special meeting for retail and wholesale proprietors in Daly City, and the rest of the board area, will be held tomorrow night, February 26, at the South San Francisco headquarters at 8 p. m. The meeting was called by the joint chairmen, Mrs. Ledterman and Charles Suenderman.

"It will be a question and answer session for the most part," Mrs. Ledterman said. "They will be given instructions on how to register and how to use food stamps in making wholesale purchases."

All retail and wholesale proprietors of grocery stores, restaurants, coffee shops, creameries, or other types of food stores are urged to attend the meeting, tomorrow night.

But He Loved Her Just The Same!

Full proof that the automobile is still a machine and is not part of the family yet was given to Daly City police, early Saturday morning, by Carl Berg, San Bruno motorist. Even though it is nearly as expensive as the "little woman" sometimes, and just as temperamental, it is still a machine.

And all this talk about the shortage of rubber tires? Phooey! You don't even need tires to travel! What if one or two of them are flat? Do they have to be pumped up all the time? Maybe he has something here!

Berg's car was found by police on Junipero Serra boulevard with the following complications: (1) entire front end of car smashed; (2) front fender rubbing against

A son of Mrs. Helena Green, Daly City, Lieutenant Green began his Army service as a private in 1941. from the floor and the council, but in as much as previous stays had not resulted in the property being brought into line with the public health and safety code, it was dismissed as impracticable.

Further study of rules and regulations to govern the city's new civil service setup was entered into, when a communication from the League of California Cities was summarized by City Attorney F. E. Hoffmann. The councilmen elected to study the matter in more detail and discuss it at their next caucus meeting. The city attorney reported that he would also outline the program used by Berkeley, which is considered a model city in the matter of civil service. The city clerk was instructed to write for additional copies of the suggested civil service rules and regulations as proposed by the California League.

One routine resolution was passed, cancelling a lost warrant for \$13.55 and reissuing a new warrant to cover the bill.

Reports of committees included one on the matter of water rates and the setting of a maximum, past which a water bill cannot run. An ordinance to set up greater control of water bills is now

CURRENT ATTRACTION AT DALY CITY THEATRE

Ann Sheridan and Jack Benny pause to talk over their problems in the hilarious film, "George Washington Slept Here." It is now playing at the Daly City theatre and boasts an excellent cast as well as rapid-fire action and laughs from beginning to end.

Gracie's Meets
Shortage Problem

Among the Daly City business houses deeply affected by wartime conditions is Gracie's, 6598 Mission street, where a thriving wholesale and retail business has been built upon the manufacture and sale of chenille articles.

Now material restrictions and the shortage of available labor have forced Mr. and Mrs. William Meacham, proprietors, to change their whole business structure. They have cut a stairway leading from the ground floor retail sales room to the basement factory department, doubling the store's space. The infants' and children's wear department has also been increased, and a stock of household staple merchandise added.

Another recent addition is that of a department featuring articles of genuine Mexican manufacture, imported from the interior of that country, under the United States' reciprocal "Good Neighbor" policy.

under study and action is expected shortly.

The much-debated curfew ordinance for minors was dropped as it was reported that other cities throughout the county did not plan action on the matter.

No solution to Daly City's critical ambulance shortage is in sight as yet, councilmen learned.

Water Department Supt. A. J. Bodien reported that many East Bay cities have found the granting of special water rates for Victory Gardens both expensive and awkward to handle. Councilman Edmund Cavagnaro, who first suggested special rates for Victory gardeners, suggested that the discussion of the situation be laid over until the next caucus meeting.

Mayor A. J. Gaggero reported to two civic leaders, Mrs. Anne Eason and Mrs. Maisie Boyle, who are actively seeking the establishment of a U. S. O., that the council had made a trip to South San Francisco and to San Bruno to investigate the Hospital-ity House and U. S. O. in those

COMPANY B

Daly City Men
In Military Pageant

In a review before state officials and ranking officers of the California State Guard, Daly City's Company B, of the Seventeenth Infantry, will be among over three hundred state guardsmen participating in a military pageant, tomorrow night, at the San Francisco Armory. The program will open at 7:30 p. m. and the public is invited to attend.

The grand march will feature the start of the review, and all companies of the regiment will march to the accompaniment of the band to their places. They will march in by battalion, each one having a special platoon to exhibit their military wares.

Rifle drill, close order drill, and rifle skirmishes will be shown by the various platoons participating.

Following drills the regimental review past the officers will end the program. Band music with martial tunes will be part of the program throughout the performance. The band will present a concert before the grand march begins.

Daly City guardsmen participated in a half hour drill, Sunday, at Marchbank park. This was followed by a meeting at the company headquarters, 101 Parkview avenue, at which the men heard a lecture by Sergeant Earl Landgren. A member of the company, Landgren is a former Marine.

Our fighting men are doing their share. Here at home the least we can do is put 10% of our income in War Bonds for our share in America.

communities. Main stumbling block to prompt setting up of such a center in Daly City are lack of a building for such purpose and lack of money to finance such a venture. Approximately \$80 per month would be necessary for mere maintenance costs, the council found, let alone the furnishing of food for every night the

SPORTS

Game Tonight

In what may prove to be the championship game, the Rebels, local independent basketball team, will clash with the Cardinals of Visitation Valley in the Jefferson gymnasium, tonight at 8:15 p. m. The game is a feature attraction of the Jefferson Night School league.

Tonight's first game will see the Bethlehem Steel playing Eimac 1 at 7:15 p. m. In last week's results, the Papooses won over Eimac 2 by a score of 27-20, and Eimac 1 routed the Vultures 48-15. Thursday play saw the Cardinals outpoint Bethlehem Steel, 23-13.

Track Practice

Practice for track and field athletes of Jefferson Union high school opened, Tuesday, under the direction of Coach Elman Rose.

The Jefferson track team is preparing for their first meet, the PAL Relay Carnival, which will be held in two weeks. Arrangements for the meet are still tentative, but Coach Rose said that it had been set for Friday, March 12, in Palo Alto. The Jeffs will compete with a probable small squad, according to their mentor.

"I don't expect to have a big team," Coach Rose said, "since baseball is one of Jefferson's popular sports."

He explained a school ruling that prohibits a baseball player to participate in track and field meets during the baseball season.

Jefferson Wins

Closing their basketball season with a 31 to 28 win over San Mateo high school in the Jefferson gymnasium, Friday afternoon, Jefferson's Indians finished the PAL league with three wins and four losses.

In the thirties' game, San Mateo lightweights defeated Jefferson's Papooses, 29 to 18. In the varsity league play, even though it was no championship season for the Jeffs, Coach Elman Rose, in his first year of coaching at Jefferson, witnessed one of the best basketball years Jefferson has ever had.

Bill Wright, Jefferson center, was high scorer in the San Mateo game, with 12 points, and he was closely followed by two teammates, Bill Freeman, forward, with 9, and Don Eakers, guard, with 7.

"Big Time" Comes
To Curran Theatre
Monday, March 1

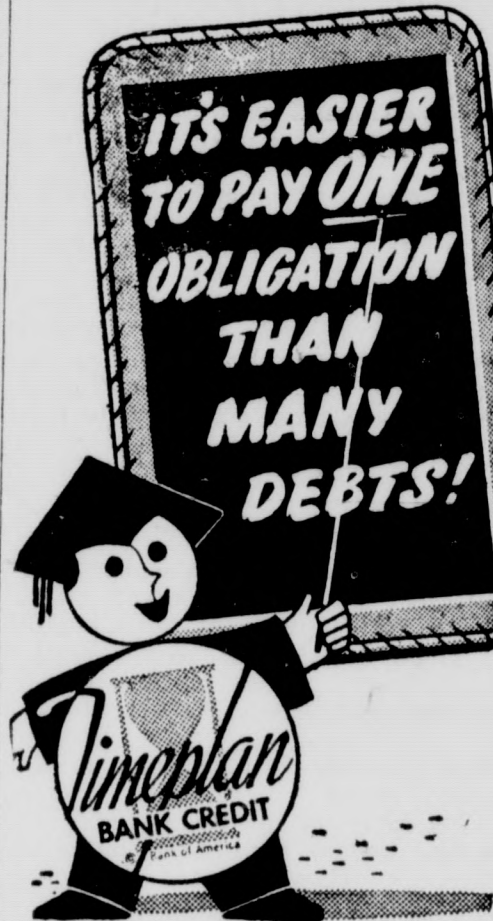

Ed Wynn, famous stage comedian, comes to the Curran theatre, San Francisco, Monday night, March 1, at the head of "Big Time," uproarious all-star Broadway variety stage revue.

Besides Ed Wynn, the lineup includes Paul Draper, Jane Pickens, Moke and Poke, Corinna Mura and New York importations galore. Fred Finklehoffe and Paul Small, who produced the hilarious "Show Time" here last Summer, are the managerial minds of the incoming "Big Time."

Billy Rayes, Adriana and Charley, Dick and Dot Remy, Paul La Varre, Eleanor Schramm and Helen Tighe are all included in the "Big Time" principals, forming an impressive array of youth, beauty, laughter and song. Ed Wynn, "the perfect fool," shoulders the heaviest assignment, of course.

According to the producers, Ed Wynn has been saving up for "Big Time." Most of his laughing inanities are right out of the famous Wynn notebook, in which he jots down everything from gags to inventions, from song suggestions to hints for production numbers, from puns to possibilities. This latest Broadway frolic promises to give the best of Ed Wynn in person, and the best of the Wynn idea in revue performance. And take it from Finklehoffe and Small, every one of the "Big Time" specialists is a name performer.

Foresters Change Whist Starting Time

Whist players were asked to note the change in the time of the card game, scheduled by the Vista Grande Circle No. 253, Ancient Order of Foresters, for Tuesday evening. Playing will start promptly at 8:30 p. m., 15 minutes earlier than usual, at Linhares hall.

Preceding the game at 7:30 p. m. will be a short business meeting.

Mrs. Frances Rickmann assisted by Mrs. Mary Linhares will be in charge of card playing. Other ladies of the organization will also help.

Red Cross Needs More Women Bandage Makers

One hundred and eighty million additional bandages are needed to meet requirements of the War department, according to a telegram addressed to Mrs. Samuel Crim, chairman of surgical dressings for the county chapter, American Red Cross.

The telegram read in part: "180 million additional surgical dressings must be made by March 15 in order to meet war department requirements. Must speed up program . . ."

Daly City's own local group are doing everything possible to meet this requirement. Already forty local women have volunteered to give a few hours each week to this vital work.

Mrs. Ruth Morris, in charge of the dressings, announces more women are urgently needed. Only requirement for this work is a clean wash dress and something to cover the hair.

The women are responsible for turning in several hundred bandages to date. This is a good amount taking into consideration the time and care put into one bandage.

Any person interested in this kind of work is invited to attend any time between 10 a. m. and 4 p. m. on Wednesdays and Fridays. The work is done in the Red Cross Sewing room, Theatre hall.

Assisting Mrs. Morris are Mrs. Vivian Pahlka, Mrs. J. J. Poket, and Mrs. Hilda Heagney.

The bronze plaques, donated to each school division by Bodien during the first year of the contest, will bear the names of this year's winners. Each year the winners' names are engraved on the plaques underneath the winners of previous years. The high school plaque is kept at the high school, and the grammar school plaque is kept at the grammar school of the winning contestant.

Second and third places at the grammar schools were won respectively by Theresa Mahon, Crocker school, and Robert Lazarini, Jefferson. Judges were Mrs. Ida Hanley, president of the Woodrow Wilson P. T. A., and Mrs. Sophie Evans, vice-president of Pershing P. T. A.

Runners-up in the high school division were Vada Willingham and Richard Kroncke. Clive M. Saiz, high school journalism instructor, was in charge of the contest there.

the next few weeks.

Despite the liquidation of the Frosh-Soph division of the PAL because of transportation difficulties, the Jeffs will be represented by a full strength Frosh-Soph team, this year, that will play as many games as the varsity. Coach John Harville, new addition to the spring sports staff at Jefferson, is handling the Frosh-Soph club.

The game Tuesday with Commerce is the opening contest of a tough ten-game practice-schedule that Coach South has arranged with San Francisco high schools, and it will wind up in time for PAL play to start on April 9. In other words, Coach South means for Jeff baseballers to have a busy spring!

DATE TROUBLE!

People who have difficulty remembering dates are in for much worse headaches than ever before, now that rationing has made the "date" all-important.

To make life a little simpler, The Record will run a tabulation of those dates which mean food, clothing, tires, and escape of penalties in this column, each week.

February 27—last day to register for Book Two, which governs all canned and dried fruits, vegetables, juices, etc.

February 28—last day for inspection of tires of "B" and "C" gasoline ration book holders.

March 1—Rationing of commercially canned fruits, vegetables, catsups, chili sauces, juices begins.

March 1—first day for registration of industrial and institutional users of rationed foods.

March 10—last day for registration of industrial and institutional users of rationed foods.

March 15—last day to use sugar coupon No. 11, good for 3 pounds.

March 15—last day to pay first installment of federal income tax.

March 21—last day "A" book stamp No. 4, good for 4 gallons of gas, will be valid.

March 31—inspection deadline for "A" book drivers.

April 1—deferments end for men of draft age in 29 non-deferable occupations.

April 15—last day to pay first installment state income tax.

May 1—deadline for non-deferable men to get war work or fight.

June 15—last day to use Coupon 17 (in the sugar book) for purchase of shoes (one pair).

Scoffing at police queries that "maybe he was in an accident?", Berg blandly told the officers that he had been driving his car sixteen miles a day in that condition for some time. He even had the tires inspected a month ago while the car was in that condition!

The officers, however, were inclined to be dubious since the damage appeared to be fresh, they said.

The car was placed in custody of the Daly City garage, and George W. Savage, desk officer, at police headquarters, checked with San Francisco and state highway authorities for reports on hit-and-run accidents. Finding none, the car was ordered released, and was towed to San Bruno later in the morning.

"He drove sixteen miles a day like that," mused Officer Savage, shaking his head. "You figure it out. I give up!"

When Gomes was stopped by the officer for driving through the Mission street dimout area with bright lights on, he became quarrelsome, using loud and abusive language and finally struck the officer. Miss Corrie also struck the officer and a bystander.

Both were jailed on the two charges and their bail was placed at \$100 apiece.

At the request of the War department and the United States Treasury department, the Bank of America is establishing banking facilities at numerous U. S. Army posts and training centers in California.

Such banking facilities at the posts and camps, it was stated, will not only provide a service of great convenience to Army officers for Army business, but also will be of considerable help to officers and enlisted men who have personal financial responsibilities to provide for.

Within the past week banking facilities were put in operation at Camp Deal, McClelland field, Mather field, Camp Kohler and Camp Callan.

Now in preparation are similar facilities at Arlington Staging area, Camp Cook, Stockton Ordnance depot, Camp Stoneman, Camp McQuade, Camp San Luis Obispo, Fort Rosecranz, Camp Lockett and Fort Mason.

In addition, Bank of America has in operation fully equipped branch banks at Hamilton field and Camp Roberts.

The new military banking facilities will be operated by Bank of America on a non-profit basis. They will provide deposit and paying facilities for both uniformed and civilian personnel, also for post or company funds; will meet the deposit needs of finance officers and their cash requirements for payrolls, and will sell war savings bonds and stamps as well as money orders, bank drafts, travelers and cashiers' checks. Except for the small fees for money orders, drafts, travelers checks and cashiers' checks there will be no charge to the personnel for the services.

You Can Still Speed - - - On Ice Skates!

Many who would miss entirely the once familiar sensation of the wind blowing in their faces as they breezed along with the top down, are recapturing the effect

at least by ice skating at San Francisco's Winterland, Post and Steiner streets.

At any rate, you can go twice as fast on skates as you are allowed to drive on the highway these days! It has been calculated by mathematicians that cham-

pion skaters average a speed of 70 miles an hour in the sensational spins they perform during ice skating competitions. This would not seem to be a terrific rate of speed in the days before we started conserving rubber, but it's plenty fast if you are a solo skat-

er making eighty or ninety revolutions in a single spin. Such sights are common ones at the practice tests for competitive skaters, which are a regular feature at the big rink.

Not exceeding the legal limit, but going pretty fast themselves

are the speed skaters. On their extra-long blades which give them added traction for speed they are enabled to hit a rate of about 30 miles an hour. Their races and barrel-jumping exhibitions are seen regularly at the public sessions, Thursday nights.

POINT FOOD RATIONING

POINT RATIONING WILL BEGIN MONDAY, MARCH 1st

The Office of Price Administration regulations forbid the sale of any rationed items including processed or canned fruits and vegetables, or fruit and vegetable juices hermetically sealed in cans or glass containers during the period from February 21st to February 28th, inclusive.

Everyone, of course, will want to cooperate. Your Safeway store is using this time to stock the shelves and train employees to better serve you under point rationing.

When sales start under point rationing, you will find a good variety of all rationed items available at Safeway's usual low prices. Remember, hundreds of non-rationed items are available for your selection during the "freeze" period at your neighborhood Safeway.

Don't Slight Breakfasts

If there ever was a time for talking up breakfasts, it is the present. Almost every one of us is carrying an extra load of responsibility these days and we need an extra good start to put us on our toes bright and early. And we need a substantial breakfast also to see us through the entire morning without that mid-morning let down.

You don't have to be a martyr to rationing and neglect this morning meal on that count. There are all kinds of delicious offerings around which to build the breakfast menu that will bring an early morning sparkle to those sleepyheads. On these chill mornings, serve a piping hot main course like pancakes, waffles, or fried mush with heated syrup. Those favorites are better than the best alarm clock to get the family out of bed. Try it and see for yourself.

PANCAKES—Make them with prepared flour if time's an item, or with enriched flour for that extra vitamin B. You can make the batter the night before with the exception of the melted shortening. Add it in the morning while the griddle is getting hot. I like to make my pancakes about the size of a dollar (an inflated dollar, maybe) and serve them in miniature stacks along with a pitcher of heated syrup. Have the breakfast all set and ready to eat as they come off the griddle.

WAFFLES—Any way you serve them, they always seem like an extra treat. Vary them by adding chopped nuts to the batter, or dried fruit or grated apple. Corn meal waffles are lip-smacking too. Substitute half the flour for corn meal. And don't forget the heated syrup and hot breakfast plates.

FRIED MUSH—Here's an oldtimer worth repeating often. Make twice the family capacity for mush, corn meal, oatmeal, wheat cereal or any other favorite, and serve it the first morning as a hot cereal. Pack the rest in a loaf pan lined with waxed paper and put it in the refrigerator for the following morning. Come breakfast time again, take it out and slice it into ½-inch slices and fry in hot shortening until honey-brown on both sides. Speed them from the griddle to a hot plate and serve with heated syrup.

MAKE BREAKFAST A FAMILY AFFAIR—If possible, have the whole family together for breakfast, even if it means getting up a little earlier. A family breakfast is a cherished custom that has a powerful psychological effect that makes the world seem brighter.

Daly City Needs About Two Hundred Block Mothers

Women Provide Refuge In Event Of Air Raid

Housewives attention! Daly City is going to need approximately two hundred block mothers and an equal number of assistant block mothers. If you haven't already done so, this is a good time to offer your services in this important work.

Block mothers will provide a place of refuge for children of their area who haven't time to get home during an air raid or whose parents are not at home. They will be called upon only in the event of an air raid.

Arthur J. Bodien, head of Daly City's Civilian Defense, and members of the local council are now ready to do whatever they can in assisting the women in this work. They are now preparing signs and arm bands for this group to be issued to the volunteers soon.

Among the new block mothers is Mrs. Della Lydick, 3298 San Jose avenue. Mrs. Lydick has the care of two small children, but she still finds time to donate her services in this needy work.

Another volunteer is Mrs. Elizabeth Powers, 538 Winchester street, who has the care of five children. Mrs. Virginia Davidson, another block mother, has many activities demanding her time and attention, but she has also offered her services.

Mrs. S. G. Bryant, 559 San Diego avenue, who is helping to organize this group, has been taking care of five boys since the loss of her only son, years ago. Knowing what a terrible thing that can be, she is doing everything possible to further the protection of Daly City's children. She feels too few people realize how essential this movement is for their welfare and protection.

Those wishing to inquire further into the movement can contact either of the ladies in charge, Mrs. Adele Hanelt, 328 Winchester street, DElaware 7984 or Mrs. Bryant, DElaware 9907.

Mrs. Cavagnaro Hostess To Crocker

Mrs. Lillie Cavagnaro, 428 Irving street, was hostess to the executive board and members of Crocker P. T. A. unit at a luncheon, Tuesday, February 16.

After the luncheon the executive members met for a short meeting. All proceeds from the affair went toward purchasing materials for the annual bazaar.

At the executive meeting the group brought up the question of bicycle racks. The group would like to obtain them to put up in the school for children with bicycles.

The executive board at this time recommended the giving of another life membership. All members are asked to attend their next regular business session, March 9, to vote on the matter.

Miss Virginia Davidson, 581 Hanover street, will be hostess at a card game, Tuesday, March 2. Proceeds go to the U. S. O.

Mrs. Mable Becker, Mrs. Olga Bordson and Mrs. Mildred Seiler attended the district meeting in San Mateo, Thursday, February 18. The three ladies represented the local unit.

MONTHLY WHIST

The monthly whist of Catholic Ladies Aid Society, Branch 59, has been set for Wednesday afternoon, March 3. Playing will start at 2 p. m. at St. Michael's hall, 32 Broad street.

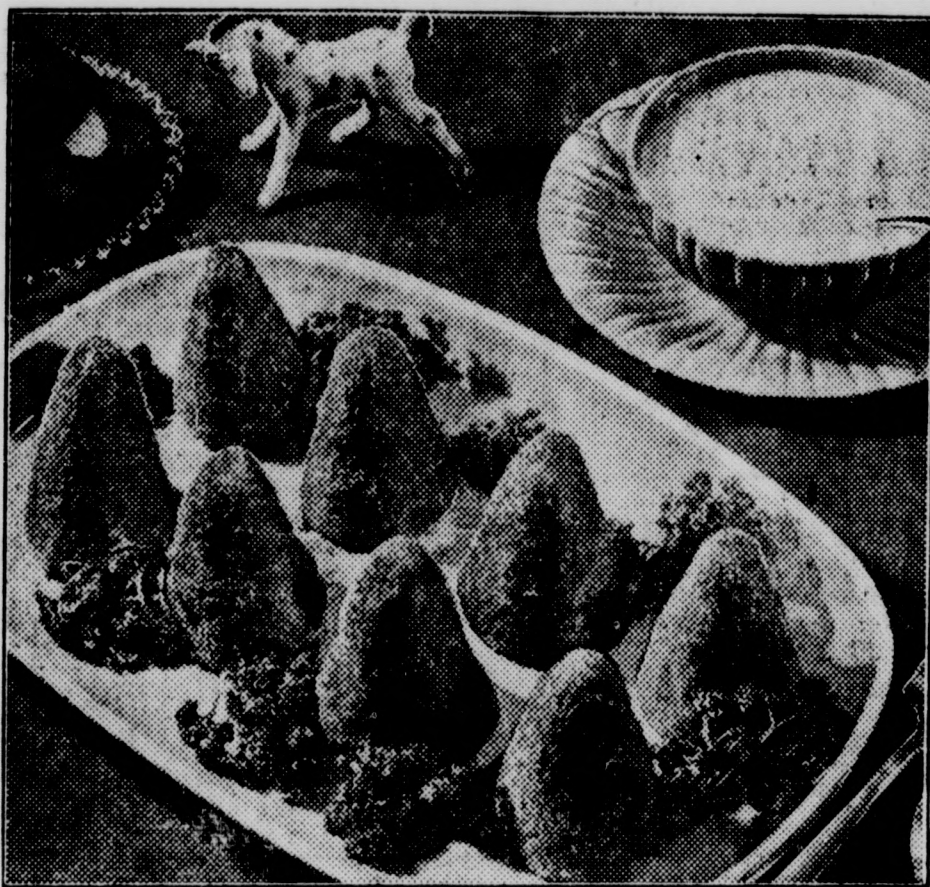

Mrs. Louise Buckholz has been placed in charge of the game. She will be assisted by other ladies of the organization.

A cash first award will be given along with many other attractive prizes, according to the committee. The public is cordially invited to attend. All proceeds go to the benefit of the society.

Mr. and Mrs. William P. Bolger, 43 Risel street, visited in San Diego during the past week with their son, Richard Bolger, who is in training with the Marine Paratroops at the Marine base there.

HOW TO MAKE A LITTLE MEAT GO A LONG WAY

by Dorothy Greig

Chicken-Nut Croquettes—awfully good and highly nutritious.

BEEF? "It's scarce, I'm filling orders in rotation," says the butcher. Lamb chops? "Sorry, no chops this week," he tells you.

Where is the meat going? Well, my dears, it is headed for the men in the army, in the navy, the air force, the coast guard and the marines. It is going to our allies on Lend-Lease. With the jobs they all have on hand, they need our meat more than we do. Boys and Partners, it's yours—and welcome.

Look at what we have left! Poultry—that's not rationed. Neither is fish. We have all the variety meats such as liver, tripe, sweetbreads, kidneys, heart and the like. On top of that we are still permitted the other meats in rationed amount.

Why not of our own accord cut below the amount? We can do it and still eat magnificently. For instance, the croquettes described here require no meat. They are a delicious combination of chopped nuts and chicken soup—maybe unusual, but awfully good to eat.

Chicken and Nut Croquettes

2 cans new and improved condensed chicken soup
1/2 cup milk
4 tablespoons butter or fat
4 1/2 tablespoons flour
1/2 cup chopped nutmeats (pecans, almonds, or peanuts)

Strain the chicken soup and to the broth add the 1/2 cup milk. (If this does not make 2 cups of liquid, add more milk.)

Melt the fat in a saucepan, add flour and cook until frothy. To this add 1 cup of the liquid, which has been heated, and cook until thickened. Then add rice, chicken and celery which was strained from the soup and chopped nutmeats. Chill in

refrigerator until stiff and easy to mold.

To shape croquettes: Shape into croquettes. Then roll in sifted bread crumbs. Beat 1 egg and to it add 1 tablespoon water. Dip the croquettes into the egg mixture and again roll in crumbs.

Fry croquettes in deep fat or salad oil that has been heated to 370-385° F. for 2 to 3 minutes. Makes 6 croquettes.

Creamy Chicken Sauce

1 1/2 tablespoons butter or fat
1 1/2 tablespoons flour
1 cup chicken broth and milk mixture

Melt the butter or fat in a saucepan, add flour and cook until frothy. Heat the chicken broth and milk mixture, add to fat and flour and cook until thickened. Serve with the croquettes. Makes approximately 1 cup sauce.

Another meat saving dish is this Hash Ring. It calls for beef, but only two cups to make six servings!

Baked Beef and Potato Hash Ring

2 tablespoons butter or fat
1 medium size onion, chopped
2 cups cooked beef, ground
3 cups cooked potatoes, chopped
1 teaspoon salt
1/2 teaspoon pepper
1 cup new and improved condensed consommé

Cook the chopped onion in fat until soft and yellow. Then mix 1/2 with ground beef, chopped potatoes seasonings and consommé. Put into a buttered ring mold (measuring about 7 1/2 inches in diameter) and bake in a hot oven (400° F.) for 45 minutes to 1 hour. Serves 6.

Note: Most hash recipes require equal quantities of meat and potatoes. In this hash we use half again as many potatoes and add the consommé for meat flavor.

At The District Grammar Schools

AT CROCKER

"Egypt, the Land of Pyramids" was the film shown to Room 3, last week. This correlated with their unit, "Farming Through the Ages," showing the different farming methods used during the early days.

Carl Johnston, of Room 4, transferred to Stockton. A new pupil enrolled in the room is Barbara Denham, who transferred here from Alameda.

Margaret Denham is a new member of the class in the seventh grade.

Barbara McGovern visited relatives in San Jose, recently.

Shirley Downie spent a few days in Larkspur, visiting with her grandparents.

Opening and closing ceremonies were in charge of Mrs. Hazel McDermid, local parlor president. Miss Bernice VanValer, president of San Bruno parlor, officiated in the initiatory ceremonies. Five candidates were initiated.

Among the many honored guests present were: Mrs. Sallie Thaler, grand secretary; Mrs. Emily Ryan, grand marshal; Mrs. Mae O'Keefe, grand organist; Mrs. Mae Noonan, Mrs. Orinda Gianini, Mrs. Ann Theusen and Mrs. Evelyn Carlson, grand past presidents; Miss Madeleine Bartolomei, district deputy; Mrs. Mary Fisher and Mrs. Dorothy Donofrio, deputies.

Mrs. Lindsey, in an instructive talk, complimented the officers on their work during the initiation ceremony.

The group adjourned to the banquet hall, at the close of the meeting. The tables were attractively decorated with red hatchets wedged into candy logs.

In charge of refreshments were Mrs. Alice Oldham and Mrs. Eleanor Foley.

Bicycle Riders Must Obey Laws

When you ride a bicycle you are part of traffic and must obey traffic laws, just as if you were driving a car.

This safety warning was sounded today by the California State Automobile association, pointing to the great increase in use of bicycles, particularly among adults, as a means of wartime transportation.

In addition to obeying general traffic laws, such as keeping to the right and using hand signals, cyclists should ride single file when with other cyclists; carry no extra riders, and no bundles unless in a carrier or securely attached to the frame; and never "hook a ride" by hanging onto another vehicle.

At night bicycles must display a white light in front and a red tail light or red reflector.

INDIVIDUALISM—SYMBOL OF VICTORY

By an ironic twist of circumstances, modern war proves beyond argument that individual initiative is the key to victory and progress. Captain Eddie Rickenbacker says: "Once you put a boy in a fox-hole, he is on his own. Once you drop a parachute trooper behind the enemy's lines, he is on his own. The youth in the cockpit of a fighter, in a tank, on a commando raid, is always on his own. The 'rugged individualist', as a political symbol, may have few friends, but God help us if we can't recreate him on the battlefield and the factory floor." The nation that does not have rugged individualism on its side will lose the war.

This stark truth must come as a shock to the political sharpshooters who have been busy right here in our own country kicking the props from under a system that was founded on the supremacy of the individual. Captain Rickenbacker is a product of that system. He fought as a soldier, willing to give his life that the system might live. He helped to pioneer the automobile and aviation industries. He has time and again taken chances, as a soldier and as a businessman, because he could envisage a bright future, not just for himself, but for his family and all the other families of America.

The future he has pictured through the years has not taken its lustre merely from the prospect of comfort and security. Eddie Rickenbacker is a typical rugged individualist. For him there is no future unless his right to take risks, to think up new ideas, to do things on his own hook and reap a fair reward, is safeguarded and encouraged.

The United States was built by men like Rickenbacker. They came across the plains in ox-drawn wagons, fought Indians, dug in the earth for gold, developed farms. They discovered, invented and produced their way to the highest standard of living in the world. At the present moment, they are the men and women who own, operate and work the coal and metal mines, oil wells, power plants, railroads and factories that are turning out the weapons for other "rugged individualists" on the battlefield, who will win this war.

Above all else, this war is being fought to keep the future bright for the descendants of these millions who believe in themselves as individuals. Those who think and act otherwise are running contrary to the character and tradition of this country. (Politicians, please note!)

RATIONING

(Continued from Page 1)

want and know the weight of each, it will be comparatively easy to locate the point values on the official table of point values and to budget points before going to market.

The bulk of purchases of canned fruits and vegetables may be made by using only 3 of the 16 columns in the official table of point values. This will make shopping for these foods under War Ration Book Two much less complicated than a first glance at the official table of point values indicates, OPA said.

These 16 weight groups cover not only canned fruits and vegetables, but also all fruit and vegetable juices, frozen fruits and vegetables, soups, baby foods, and dried fruits.

Although more than 200 different items are included in the processed foods rationing program, most housewives buy only about 18 different items and these are usually packed in the No. 2 or No. 2 1/2 cans.

Following is a list of the most widely sold canned foods with their approximate weights and point values of the most common sizes:

Item	Vegetables	Pt. Values
Peas	1 lb. 4 oz.	16 Pts
Corn	1 lb. 4 oz.	14 Pts.
Tomatoes	1 lb. 3 oz.	16 Pts.
Asparagus	1 lb. 3 oz.	14 Pts.
Beans	1 lb. 3 oz.	14 Pts.
Spinach	1 lb. 2 oz.	11 Pts.
Fruits		
Peaches	1 lb. 14 oz.	21 Pts.
Pears	1 lb. 14 oz.	21 Pts.
Sled. P'nple.	1 lb. 14 oz.	24 Pts.
Grapefruit	1 lb. 4 oz.	10 Pts.
Frt. Cktl.	1 lb. 1 oz.	11 Pts.
Juices and Soups		
Grapefruit	2 lb. 14 oz.	23 Pts.
Pineapple	2 lb. 14 oz.	32 Pts.
Tomato	1 lb. 7 oz.	17 Pts.
Grape Jce.	1 qt. or 2 lbs.	15 Pts.
Soups	10 1-2 oz.	6 Pts.

Monday saw 2,972 books issued to Daly City consumers at the three school sites. This was in line with the estimated issuance of approximately 12,000 War Ration Books Two in this area. Crane again expressed his appreciation to the teachers and volunteer workers making possible the efficient handling of this huge new sign-up.

A possibility for more liberal allowances of rationed foods in April was foreseen, but consumers were admonished that the 48 points for March is absolutely final and they must prepare to get along on that allotment for the period.

To Select Three Best Essay Entries

Judges for the annual V. F. W. Auxiliary essay contest will select three winners from competitors, Virginia Adams, Elsie Belli, Angelo Ditty, Conchita Morales, Bianca Ratto, Gwendolyn Stegeman, and Metha Woods, of Jefferson Union high school. The awards in the local elimination contest, provided by Old Glory Auxiliary No. 2044, sponsors of the contest, will be made at a special assembly program in the near future.

All contestants wrote on the topic, "United We Win," and judging will be handled according to the following percentages: 50 per cent, literary construction, 25 per cent, interpretative views, and 25 per cent, patriotic inspiration.

Judges in the Daly City contest are Arthur J. Bodien, Howard McHugh and Walter J. Lehigh.

Mrs. Walter J. Lehigh, contest chairman for the local auxiliary, has announced that awards will be in the form of medals and War stamps. In addition, first place winner will be given a year's subscription to the Daly City Record, co-sponsor of the patriotic essay competition. Deadline for entries closed at midnight, February 22.

Winning essays in the Daly City contest will be forwarded to the state division, Mrs. Lehigh announced.

COUNTY SLOGAN

"Give Where You Live" is the slogan being adopted this year by the San Mateo County Red Cross chapter, according to Stewart Edward White, chairman of the 1943 War Fund campaign, which starts March 1 in this county.

White stated that those people who have business concerns in San Francisco or who are employed in that city are asked to give at least 50 per cent of their contributions to their local San Mateo County chapter.

to tear stamps from the new books as it is not permissible to shop with loose ration stamps and the consumer must remove the necessary stamps before the eyes of the storekeeper just as in the case of sugar. Only the blue point stamps marked A, B, and C are good during the first ration period. Since it will not be possible to get "change" in point stamps, consumers are advised to save low-value stamps for buying low-point foods.

TWO WOMEN INJURED IN AUTOMOBILE COLLISION ON JUNIPERO SERRA

Two women suffered severe injuries in a head-on automobile collision on Junipero Serra boulevard, just north of the Alemany extension, Sunday night.

The injured were Mrs. Jean Phillips, Cupertino, California, who suffered a fractured left hand and a possible fracture of the right leg, and Miss Hazel Robin, San Francisco, who received deep cuts, on the face and scalp. Both women were rushed to Villa hospital in the Daly City ambulance.

Mrs. Phillips was riding with her husband, John Phillips, while Miss Robin was a passenger in

the car of John Merlow, San Francisco. Daly City police investigated the accident and cleared traffic on the boulevard.

Miss Robin was released from the hospital following treatment that night, and Mrs. Phillips was transferred to a Santa Clara hospital.
